CAREER OBJECTIVE:

React Web Developer focused on creating user-centric web applications that deliver smooth experiences. Looking to join a team where I can actively contribute to real-world projects and help enhance user satisfaction through innovative solutions.

WORK EXPERIENCE:

Intern in Gatetechs
3 months (ongoing)
- Worked on various tasks and projects assigned by the company.
- Company LinkedIn Profile: https://www.linkedin.com/company/gatetechs/

Participant in Digital Egypt Pioneers Initiative
(DEPI) Ministry of Communications and
Information Technology
- Participated in a structured training program focusing on web development skills and essential technologies.

  Learned multiple technologies: HTML, CSS, JavaScript,tailwindcss,bootstrap,React

PROJECTS:

Brigge E-Commerce: A full eCommerce web app built with React using dummyJSON as a fake API. Features Firebase authentication, Stripe payment (Test Mode), image zoom, and multi-language support via i18n.
Tech: React, TailwindCSS, i18n, Stripe, Firebase
- Live Demo

Personal Portfolio Website : Responsive portfolio site showcasing front-end projects and skills. Includes Framer Motion animations, Swiper sliders, and Lottie animations for enhanced UX.
Tech: React, TailwindCSS, Framer Motion, Swiper, LottieFiles.
- Live Demo

Company Portfolio Website Developed a dynamic WordPress portfolio site for a company during internship. Features dynamic projects, Ninja Forms, and a typing effect on the homepage.
Tech: WordPress (OceanWP), HTML, CSS, JS, Ninja Forms
- [Live Demo](#)

Social Media Prototype: Basic social media platform with profile creation, post sharing, commenting, and CRUD operations.
Tech: HTML, CSS, Bootstrap, JS.
- [Live Demo](#)

Prayer Times Website: Displays real-time prayer times based on user-selected city, integrating with Aladhan API.
Tech: HTML, CSS, Bootstrap, JS, Aladhan API.
- [Live Demo](#)

CRUD Operations Website: A React & TypeScript app with full CRUD operations, using Headless UI and Tailwind UI for responsive, modern components.
Tech: React, TypeScript, TailwindCSS, Headless UI.
- [Live Demo](#)

More Projects: https://meportfolioo.netlify.app/
